Program: The Nebraska Department of Roads and the Nebraska State Patrol have built a new joint Highway Information System / Communications Center at 108th & I Streets. Among other duties, this center monitors highway traffic and emergencies, and controls the signs over the highways where Amber Alerts and highway messages are displayed. It also serves as a Joint Command Center, with a media area. We will have our business meeting followed by a briefing on state initiatives and a very interesting tour of the facility.
