By ordering from the above selections, we will be served quickly. (The Omaha Press Club is undergoing renovation this summer; thus the change in meeting location.)

Program: Jim Modde, Senior Account Executive with FishNet Security, will give a short Power Point presentation on Identity Theft, security solutions, and the state of Social Engineering in the industry, followed by Q&A.

Announcements:

1) **Free Chapter Seminar Registration:** Our chapter received also received a free registration for the National conference in Atlanta (a \$790 value). As we did last year, we will hold a drawing at the May meeting for this registration. To be eligible, you must be a 2008 paid National and Chapter member, and be present to win. So if you haven't yet paid your 2008 Chapter dues, do so with Treasurer Brian Michalski prior to the drawing.

2) **Get-A-Member Program:** The Omaha Chapter increased our membership in 2007 by 48 new members, 28 of which noted on their application that a current member introduced them to ASIS. Because of this, our Chapter was awarded a free registration to the ASIS national seminar in Atlanta, September 15-18, 2008. Last meeting we held a drawing for those that participated in the program. Each program participant received one chance for each member they brought in to ASIS. Member Jonathan Rowe was selected, with Brain Black and Greg

Allen as alternates. As Jonathan is unable to attend, Brian Black received the free registration. Congratulations Brian. ASIS has continued the program for 2008, so if you encourage someone to become a member, make sure they credit you on their membership application. You may be a winner next year.

3) 2008 Memberships: If you did not renew your national ASIS membership for 2008, I was informed that your membership has been removed from the active listing. Therefore, this will be your last newsletter from Chapter 059, as our databases are being updated. Email notices have been sent out. Please let me know if there are any errors on the emails that were sent out.
